Terms and Conditions of Appointment

Professorial Staff

Appointments are subject to the Statutes of Swansea University and to the conditions prescribed by resolution of the Council at the time of appointment.

DUTIES

The duties will be as arranged by the Head of College/Department, commensurate with their level of appointment. The detailed duties will be as set out in the job description.

PROFESSIONAL DEVELOPMENT

Members of the Staff are required to continue their professional development through participation in appropriate training and development courses provided by Swansea University. Members of staff are required to engage in the Professional Development Review process.

New members of staff will be required to participate fully in the programme of training in teaching skills provided by the Staff Development Unit if such training has not been received previously.

OUTSIDE WORK

Members of the full time Staff are not permitted to hold any other appointment save with the express approval of the Council in exceptional circumstances, nor to undertake any other duties which interfere with the effective discharge of the duties of the post.

FINANCIAL REGULATIONS AND PERSONAL CONSULTANCY

All appointments are subject to the Policy on Personal Consultancy Services and to the 'Regulations for Internal Financial Management' as may be varied from time to time. Non compliance with these Regulations, where appropriate, may be considered as a disciplinary offence. A copy of these Regulations and those for Personal Consultancy Services are given to all appropriate new members of staff on appointment.

SALARY

The salary will be as stated in your letter of appointment. The salary is payable monthly by direct credit into a named bank/building society account.

HOURS OF WORK

Full time members of Academic Staff will be required to work not less than 35 hours per week and such additional hours as are necessary for the proper discharge of the duties of their appointments.

The hours of work will be as agreed with the Vice-Chancellor as are necessary for the proper discharge of the duties of appointment.

Part-time hours will be as stated in individual letters of appointment.

It is recognised that fixed working hours do not apply rigidly for members of the Academic staff, who have considerable autonomy to plan their own work.

HOLIDAYS

The holiday periods will be as arranged with the Vice-Chancellor.

Members of Academic Staff are entitled to 31 days paid annual leave, which includes six days on dates determined by the University. (N.B. Protection arrangements have been agreed for existing staff with leave entitlements in excess of this as at 31 July 2007).

Members of staff are also entitled to 8 paid statutory days in addition to their annual leave entitlement.

Such members of staff who join or leave Swansea University during the course of a leave year are entitled to the appropriate proportion of their annual leave based on completed service.

MEDICAL EXAMINATION AND SICKNESS PAY

Appointments are subject to a satisfactory medical examination.

Appointments are subject to the regulations of the Sickness Pay Scheme of Swansea University. A copy of the Scheme and of the University's Statement about Statutory Sick Pay is made available to all employees on appointment.

It is the responsibility of the employee to inform the nominated representative in their College/Department by telephone, as early as possible on the first day of absence. They should indicate the reason for the absence and where possible give an indication of the anticipated duration of the absence.

In exceptional cases a telephone call from a friend or relative will be accepted.

Throughout the period of absence, employees are required to keep their manager (or nominated representative) informed of their progress and when they are expecting to be able to return to work. The frequency of this contact can be agreed, dependant on the reason for the absence and the expected timescale for recovery.

Failure to provide the necessary certification could lead to sick pay being suspended until the documentation is received. In the case of continued failure to provide certification, disciplinary action may be taken.

For periods of sickness between 1-7 calendar days staff must complete a Self Certificate Form, as required by both the University's Occupational Sick Pay Scheme and Statutory Sick Pay procedures. This form will be completed when the individual has returned to work as part of their Return to Work Review. The form is then signed by the Line Manager (or nominated representative) and forwarded to the Human Resources Department.

For periods of sickness lasting more than 7 calendar days staff who are absent due to sickness for more than seven consecutive calendar days must obtain a doctor's certificate. This certificate should be sent to the designated individual in Swansea University on the seventh day of absence, or as soon as practicable.

If the absence continues and further medical certificates are required, then where possible these should be received by Swansea University before the previous certificate expires. In cases where this is not possible, i.e. for reasons outside the individual's control, the individual must inform their line manager prior to the expiry of the current certificate.

Before any return to work, if an absence warrants a Doctor's Statement, such a Statement indicating fitness to return should be produced.

(NB: Please note the importance of providing these Certificates, as under the rules of Statutory Sick Pay, Swansea University is entitled to withhold payment of Statutory Sick Pay if there is late notification of absence).

ACCIDENTS AT WORK

In all cases where an injury is sustained at work, the injury must be immediately reported to the Head of College and an official Swansea University Accident Report must be completed. This is obtainable from the College Health & Safety Coordinator, Security Office or the Internet at <http://www.swansea.ac.uk/estates-and-facilities-management/healthsafety/formsdocuments/>

Universities Superannuation Scheme (USS)

From 1 July 2013, employees who are aged between 22 and State Pension Age and who earn above the monthly threshold set by Government for the current tax year, will be automatically enrolled into USS and will join the USS Retirement Income Builder.

With effect from 1 October 2021, employees contribute 9.8% of their pensionable pay into the scheme each month. With effect from 1 April 2022 the University will contribute 21.6%. Please note that these rates are subject to change.

Further information about USS can be found at:

[For members \(uss.co.uk\)](http://uss.co.uk)

and

[USS - Swansea University](http://uss-swansea.ac.uk)

Employees who are aged between 16 and 74 and who earn less than the monthly threshold in any given month can still join USS. In order to do so, the employee should contact the Swansea University Pensions section via an email (pensions@swansea.ac.uk) or via a self-signed letter, containing the phrase "I confirm I personally submitted this notice to join a workplace pension scheme".

PENSION+ (Salary Sacrifice)

From 1 August 2009 the University introduced a salary sacrifice scheme for pension contributions called Pension+. Pension+ is not another pension scheme but a more effective way of paying your USS pension contributions. By participating you do not pay national insurance contributions on your contributions to USS.

When you join the pension scheme you will automatically be entered into Pension+. Participating in Pension+ then forms part of your contractual terms and conditions of employment.

Participation in Pension+ will not affect your pension scheme benefits or your basic state pension. However, if you are likely to be at the University for less than 2 years and wish to receive a refund of your pension contributions on leaving, you will not be able to do this if you participate in Pension+ and you may wish to consider opting out of Pension+. Please contact the Pensions Section within one month of commencing employment if you wish to opt out of Pension+.

OPTING OUT

You can choose to opt out of USS if you want to, but if you stay in you will have your own pension in addition to the State pension when you retire. If you wish to opt out of USS, please complete the 'Notice to opt out or withdraw from USS form' which can be downloaded from:

[Thinking of leaving \(uss.co.uk\)](http://uss.co.uk)

Once you have downloaded and completed it, please email it to pensions@swansea.ac.uk or send it to Pensions, Finance Department, Singleton Park, Swansea University SA2 8PP.

If you have not participated in Pension+, your completed 'Notice to opt out or withdraw from USS form' must be received within 2 years of the start date of your pension scheme enrolment, to be eligible for a refund of your contributions.

If you have participated in Pension+, your completed 'Notice to opt out or withdraw from USS form' must be received within 3 months of the start date of your pension scheme enrolment, to be eligible for a refund of your contributions.

If you want to stop making payments after the end of the opt-out period you can do so, but any contributions already made will not be refunded. If you decide to opt out, you can still re-join USS. To do so please contact Pensions via an email (pensions@swansea.ac.uk) or via a self-signed letter containing the phrase, 'I confirm I personally submitted this notice to join a workplace pension scheme'. Please note that you can re-join only once in any 12-month period.

If you choose to opt out or stop making payments at any time you will be automatically enrolled back into a pension scheme at a later date, usually every three years. We will notify you in advance to inform you that we are auto-enrolling you into the relevant scheme at that time. You will have the choice to opt out again if you wish.

For information on pensions and savings for later life visit:
<https://www.gov.uk/workplace-pensions>

Please note that if you are under 75, work or usually work in the UK, and earn over the amount set by the government for the current tax year, we must by law:

- continue to maintain your membership of a scheme that meets certain government standards; and
- if your membership of such a scheme ends (and it is not because of something you do or fail to do), we must by law put you into another scheme that meets government standards straightaway.
