Special Offer for Swansea University Students Get your UK CitizenCard ID completely FREE!

What is a CitizenCard?

A CitizenCard is a UK government authorised secure and trusted ID card which you can access and use as identification in the UK.

We recommend obtaining a CitizenCard to use for day-to-day identification purposes. If you'd like some in-depth information, please check out www.citizencard.com

Why should I Get a CitizenCard?

Many students (particularly international students) use their Passport, Driving License or Biometric Residence Card (visa card) for ID. Every year many of these are lost, and arranging replacements can be an expensive and lengthy process.

- A replacement visa costs a minimum of £85 and can take many months to be processed
- For non-UK passports, some embassies require travel to London for a replacement, adding extra time and cost to the process
- Replacement UK Passports cost at least £75.50
- Replacement UK Driving Licenses cost at least £20

Getting a CitizenCard to use as your ID could save you a lot of money, time and stress!

What is the Deal?

CitizenCard offer Swansea University students a **£15 discount** on new applications, this means:

- **Standard Applications – Usually £15 – Free!**
- **Urgent Applications – Usually £30 – Half Price - £15**

To take up this offer, simply head to www.citizencard.com, follow the application process and enter discount code:
